**About JSPL:** Jindal Steel & Power Limited (JSPL), a part of the USD 22 billion diversified O. P. Jindal Group, is amongst India's fastest-growing and leading business conglomerates with a significant presence in core infrastructure sectors including steel, power, mining and infrastructure. JSPL's business operations span across the states of Chhattisgarh, Odisha and Jharkhand in India, where it operates some of India's most advanced steel manufacturing and power generation capacities of global scale. JSPL also has the world's first DRI plant based on Indian High Ash Coal Gasification. JSPL is amongst the lowest-cost producers of steel and power in India. **India's largest Blast Furnace at JSPL Angul Odisha has produced its highest ever Hot Metal production of 10845 MT for a single day on 2<sup>nd</sup> July 2019. It is also reported that this is the ever-highest production produced by any of the BFs in India.**
